Freelancer — Remote, serving clients across the US

PROFESSIONAL SUMMARY

Detail-driven accountant and financial reporting specialist (CA, ICAP) with 5+ years managing full-charge bookkeeping across a multi-client, multi-entity environment for US and Canada clients, working independently and remotely. Experience spans day-to-day transactional bookkeeping, multi-entity consolidation and cash flow reporting, accounts payable/receivable and collections management, and loan servicing and amortization work for a real estate holding and property management group. Skilled in GAAP- and IFRS-aligned reporting, cloud and desktop accounting platforms (QuickBooks Online, QuickBooks Desktop Enterprise, Xero), and advanced Excel automation — including reconciliation workflows that cut manual processing time by 50%. Known for accurate ledgers, clean month-end closes, and audit-ready records.

PROFESSIONAL EXPERIENCE

Bookkeeper & Financial Reporting Consultant — Real Estate Holding & Loan Servicing Group · US Client (Remote) | Aug 2025 – Present

- Manage accounts payable and biweekly payroll processing across a multi-entity real estate holding group, consolidating a 60+ payee, 10-period payables and payroll register into one reconciled master with full period-by-period tie-out.
- Prepare monthly consolidated cash flow summaries and entity-level P&L reporting across 6+ affiliated LLCs, plus recurring payment and transfer projection calendars coordinating cash movement across multiple bank accounts.
- Migrated multi-entity books onto QuickBooks Desktop Enterprise, catching up a full fiscal year of transactions following a prior firm handoff.
- Built and maintain a \$250K+ accounts receivable/collections tracker spanning 45+ accounts, consolidating multiple conflicting source files into one auditable master with aging, status, and case-level balance build-ups.
- Reconstruct loan amortization schedules and payoff statements for seller-financed notes, and reconcile legal fee statements and settlement trust disbursements for active matters, separating fee application from client recovery.

Financial Reporter & Bookkeeper — A&I Financials · US Clients (Remote) | Jan 2024 – Mar 2026

- Managed end-to-end, full-charge bookkeeping — including daily transactional coding and journal entries — and monthly financial reporting for 3 US-based clients simultaneously in a multi-client capacity, ensuring GAAP compliance and accuracy across all ledgers.

- Prepared monthly P&L, Balance Sheet, and Cash Flow statements, delivering actionable financial insights to client stakeholders.
- Automated high-volume reconciliations using Power Query, XLOOKUP, and Pivot Tables, reducing manual processing time by 50%.
- Oversaw Accounts Receivable/Payable and maintained audit-ready digital ledgers through cloud-based accounting workflows.
- Processed client payroll cycles in Gusto and managed bill approvals and AP workflows in Bill.com, over 2 years supporting the US client base.

Bookkeeper — Mobile Options · Canada (Remote) | Oct 2021 – Dec 2025

- Managed day-to-day accounts — including transactional coding, journal entries, receivables, payables, and bank reconciliations — for high-volume transactions in a full-charge bookkeeping capacity.
- Maintained precise digital records and audit-ready documentation supporting year-end financial reviews.
- Coordinated with management to monitor cash flow and maintain budget compliance.

Note: Roles held concurrently as independent remote client engagements.
